1.0 DOCUMENT INFORMATION

1.1 Purpose

The System Requirements Document outlines the agreed system specifications. Once approved, it becomes the baseline to ensure the system meets business goals. Sign-off is required for development to start, and any changes must follow the System Enhancement Management process.

1.2 Intended Audience

The intended audience for this document includes project stakeholders and any team members involved in defining, implementing, or validating the system requirements.

1.3 Revision History

This section records all modifications to the document until it reaches Version 1.0, at which point it is finalized and established as the baseline for future reference. Once baselined, any new changes will be assessed based on their severity — significant changes may result in an addendum, while less critical updates may be handled through a formal change request.

Version No	Date	Revised By	Reason for Revision
0.1	10.08.2026 (Mon)	Lim Yi Link	Initial Draft
1.0	10.08.2026 (Mon)	Lim Yi Link	Send out for external review
1.1	24.08.2026 (Mon)	Lim Yi Link	Added Online Banking (Business) authorizer approval flow (REQ-004 to REQ-007), added Pending Approval page, and updated Expected Behaviour.

Version No	Date	Revised By	Reason for Revision
1.2	04.09.2026 (Fri)	Lim Yi Link	Added Payment Submitted Date Time field (REQ-008), Payment Date Time field (REQ-009), and the Payment Pending Approval email notification template (Section 2.3).

Note: Update made to the document is highlighted in yellow.

1.4 Glossary of Terms

#	Abbreviation / Term	Interpretation / Description
1	UCD	Used Car Dealer — the party onboarding and transacting on the eAuto UCD portal.
2	eAuto	Vehicle ownership and insurance platform used by the used car industry.

1.5 Associated Document(s)

#	Item	Location / URL	Rationale for Relevance
1	EAINT-12153 — [eAuto-UCD] Onboarding: Add Payment Channels for Pre-application and Application	https://mfservices.atlassian.net/browse/EAINT-12153	Source enhancement request.
2	EAUTO-1018 — Enhancement of Payment Channel - Onboarding	https://mfservices.atlassian.net/browse/EAUTO-1018	Related eAuto core ticket.
3	CCB-897 — Add Payment Channels for UCD Onboarding (Pre-application and Application)	https://mfservices.atlassian.net/browse/CCB-897	Related Change Control Board ticket.

2.0 REQUIREMENT

2.1 High-Level Requirement Overview

#	Item	Description
2.1.1	Enhancement Overview	Expand the payment channel options available in the UCD portal Onboarding flow (Pre-application and Application), enabling new UCDs to complete the onboarding payment through additional methods.
2.1.2	Key Value(s) Expected	Provide new UCDs with additional payment methods during onboarding, reducing payment friction and improving onboarding completion.
2.1.3	Additional Note(s)	-

2.2 Key Highlights and Baseline Requirements

The following key highlights and requirements were established during the initial sync-up sessions with the requestor. As this forms the baseline, any changes requested thereafter may result in adjustments to scope, timeline, or deliverables, for which the requestor will be responsible to review and confirm.

2.2.1 Background

#	Affected Item	Description
1	Project	eAuto
2	Portal	UCD
3	Module	Pre-application, Application
4	Request	Add payment channel options in the Onboarding flow (Pre-application and Application) for new UCD onboarding payment.
5	Additional Note	-

2.2.2 Existing Issue & Expected Behaviour

#	Item	Description
1	Existing Issue / Behaviour	A new potential UCD can only make the onboarding payment via FPX (Personal).
2	Expected New Handling / Behaviour	Enable two additional payment methods — Credit or Debit Card and Online Banking (Business). FPX (Personal) remains unchanged. Online Banking (Business) follows an authorizer approval flow that differs from Online Banking (Personal).

2.2.3 Affected Pages

#	Affected Pages	Description
1	Pre-application — Onboarding Payment	Payment step where a new UCD selects a payment channel during Pre-application onboarding.
2	Application — Onboarding Payment	Payment step where a new UCD selects a payment channel during Application onboarding.
3	Pending Approval	Payment status page shown to the potential UCD while awaiting authorizer approval for an Online Banking (Business) payment.

2.2.4 Onboarding Payment Channels

#	Requirement ID	Item	Description	Acceptance Criteria
1	EAINT-12153-REQ-001	Credit or Debit Card	Add a Credit or Debit Card payment option to the onboarding payment step in Pre-application and Application.	The onboarding payment screen in both Pre-application and Application shows a Credit or Debit Card option, and the UCD can complete the onboarding payment using it.
2	EAINT-12153-REQ-002	Online Banking (Business)	Add an Online Banking (Business) payment option to the onboarding payment step in Pre-application and Application.	The onboarding payment screen in both Pre-application and Application shows an Online Banking (Business) option, and the UCD can complete the onboarding payment using it.
3	EAINT-12153-REQ-003	Retain FPX (Personal)	Keep the existing FPX (Personal) option available and unchanged.	The FPX (Personal) option remains available in the onboarding payment screen and behaves exactly as before.

2.2.5 Online Banking (Business) — Payment Approval Flow

Online Banking (Business) follows a different payment flow from Online Banking (Personal). After the potential UCD makes payment, the system redirects them to the Pending Approval page, and the transaction requires the authorizer to approve it within 7 days.

#	Requirement ID	Item	Description	Acceptance Criteria
1	EAINT-12153-REQ-004	Redirect to Pending Approval page	The existing Online Banking (Personal) payment flow shall remain unchanged. Upon a potential UCD completing payment via Online Banking (Business), the system shall redirect the potential UCD to the Pending Approval page. The payment shall remain pending until the authorizer approves the transaction within 7 days.	After a potential UCD submits an Online Banking (Business) payment, the system displays the Pending Approval page with the payment status shown as Pending Approval.

#	Requirement ID	Item	Description	Acceptance Criteria
2	EAINT-12153-REQ-005	Approved — authorizer approves the transaction	The existing successful-payment redirection shall remain unchanged. Upon the authorizer approving the transaction, the system shall redirect the potential UCD to the respective Pre-application and Application pages, following the existing successful-payment behaviour.	When the authorizer approves the transaction, the potential UCD is redirected to the Pre-application and Application pages as per the existing successful-payment flow.
3	EAINT-12153-REQ-006	Pending — awaiting authorizer approval	While the authorizer has not yet approved the transaction, the system shall redirect the potential UCD to the Pending Approval summary page.	While approval is still pending, the potential UCD is shown the Pending Approval summary page with the payment status displayed as Pending Approval.
4	EAINT-12153-REQ-007	Failed — not approved within 7 days	The existing unsuccessful-payment handling shall remain unchanged. If the authorizer does not approve the transaction within 7 days, the system shall redirect the potential UCD back to the payment page, following the existing unsuccessful-payment behaviour.	If the transaction is not approved within 7 days, the potential UCD is redirected back to the payment page as per the existing unsuccessful-payment flow.

#	Requirement ID	Item	Description	Acceptance Criteria
5	EAINT-12153-REQ-008	Payment Submitted Date Time	The Pending Approval page shall display a Payment Submitted Date Time field indicating when the payment was submitted, shown in the format DD-MM-YYYY hh:mm AM/PM (e.g. 23-12-2024 12:20 PM).	The Pending Approval page displays the Payment Submitted Date Time field with the submission timestamp shown as 23-12-2024 12:20 PM.
6	EAINT-12153-REQ-009	Payment Date Time	The Pending Approval page shall display a Payment Date Time field. While the payment is pending, the field shall display “-”. Upon receiving an approved response from Fiuu, the field shall display the actual payment date time.	While the payment is pending, the Payment Date Time field shows “-”. Once an approved response is received from Fiuu, the field shows the actual payment date time.

2.3 Email Notification — Payment Pending Approval (Online Banking Business)

The following email notifies the potential UCD that an Online Banking (Business) payment has been submitted and is pending authorizer approval.

#	Element	Description
1	Sender	imonitor@eauto.my
2	Recipient	To: Potential UCD's registered email address (retrieved from the Pre-Application/Application details). CC: apply@eauto.my
3	Email Subject	[Pre-Application/Application No] [Company Name]: Payment Pending Approval - Awaiting Authorizer Approval E.g.: NA50000802 ABC Motors Sdn Bhd: Payment Pending Approval - Awaiting Authorizer Approval

4	Email Content	Dear [Company Name], Thank you for submitting your payment via Online Banking (Business). Your payment (Payment ID: [Payment ID]) is currently pending approval from your authorizer. Kindly note that the authorizer must approve this transaction through your online banking within 7 days. You can view your payment status here: [Pending Payment Approval Page Link] If the payment is not approved by [Approval Deadline Date] at 12:00 PM, the payment will expire. You will then need to make a new payment to proceed. Once the payment is approved, an invoice and/or e-Invoice will be emailed to you. Should you require any assistance, please contact our team. Thank you for your prompt attention and cooperation. Best regards, eAuto Sdn Bhd Level 15, Sunway Tower Jalan Ampang, 50450 Kuala Lumpur
