1.0 DOCUMENT INFORMATION

1.1 Purpose

The System Requirements Document outlines the agreed system specifications. Once approved, it becomes the baseline to ensure the system meets business goals. Sign-off is required for development to start, and any changes must follow the System Enhancement Management process.

1.2 Intended Audience

The intended audience for this document includes project stakeholders and any team members involved in defining, implementing, or validating the system requirements.

1.3 Revision History

This section records all modifications to the document until it reaches Version 1.0, at which point it is finalized and established as the baseline for future reference. Once baselined, any new changes will be assessed based on their severity — significant changes may result in an addendum, while less critical updates may be handled through a formal change request.

2.0 REQUIREMENT

2.1 High-Level Requirement Overview

#	Item	Description
2.1.1	Enhancement Overview	Display a browser reminder at the last step of a transaction, informing Mozilla Firefox users that support ends on 31 December 2026 and that Google Chrome is required from 1 January 2027.
2.1.2	Key Value(s) Expected	Users are informed early and have sufficient time to switch browsers before the deadline. Reduces the risk of service disruption and support cases once Mozilla Firefox support ends. Improves system security, compatibility, performance and browsing efficiency once users are on Google Chrome.
2.1.3	Additional Note(s)	Mozilla Firefox usage is currently at 42 percent and WebSocket usage is at 50 percent.

2.1.1 Assumptions

#	Assumption
1	Mozilla Firefox support ends on 31 December 2026 with no extension to the timeline.
2	Browser detection is performed using the browser user agent string.
3	The portable document format guide and tutorial video assets are provided by the requestor before deployment.
4	Users have Google Chrome available on their machines, or are able to install it without additional approval.

2.1.2 Out-of-Scope

#	Item	Reason
1	Blocking Mozilla Firefox access from 1 January 2027 onwards	System behaviour after the deadline is not yet confirmed by the requestor. To be handled as a separate requirement.
2	Browser reminder on portals other than UCD	This requirement covers the UCD portal only.
3	Announcement popup on the UCD Homepage	Covered separately under EAINT-12180.

2.2 Key Highlights and Baseline Requirements

The following key highlights and requirements were established during the initial sync-up sessions with the requestor. As this forms the baseline, any changes requested thereafter may result in adjustments to scope, timeline, or deliverables, for which the requestor will be responsible to review and confirm.

2.2.1 Background

#	Affected Item	Description
1	Project	eAuto
2	Portal	UCD & AATF
3	Module	Transaction Flow
4	Request	Display a browser reminder to transition users from Mozilla Firefox to Google Chrome, effective 1 January 2027.
5	Additional Note	Mozilla Firefox license will end by 2026.

2.2.2 Existing Issue & Expected Behaviour

#	Item	Description
1	Existing Issue / Behaviour	Users can access the eAuto portal using both Mozilla Firefox and Google Chrome. No browser reminder is displayed at the last step of a transaction to inform users of the upcoming Mozilla Firefox end of support. Mozilla Firefox usage is at 42 percent and WebSocket usage is at 50 percent.
2	Expected New Handling / Behaviour	A browser reminder is displayed at the last step of a transaction to Mozilla Firefox users, informing them that support ends on 31 December 2026. Effective 1 January 2027, users are expected to access eAuto using Google Chrome.

2.2.3 Affected Pages

#	Affected Pages	Description
1	UCD & AATF — Transaction Last Step	Browser reminder popup is displayed before the user confirms or submits the transaction.

2.2.4 Transaction Last Step — Browser Reminder Popup

#	Requirement ID	Item	Description	Acceptance Criteria
1	EAINT-12253-REQ-001	Popup Display Trigger	Browser reminder popup is displayed at the last step of a transaction, ~~before the user confirms or submits~~.
