1.0 DOCUMENT INFORMATION

1.1 Purpose

The System Requirements Document outlines the agreed system specifications. Once approved, it becomes the baseline to ensure the system meets business goals. Sign-off is required for development to start, and any changes must follow the System Enhancement Management process.

1.2 Intended Audience

The intended audience for this document includes project stakeholders and any team members involved in defining, implementing, or validating the system requirements.

1.3 Revision History

This section records all modifications to the document until it reaches Version 1.0, at which point it is finalized and established as the baseline for future reference. Once baselined, any new changes will be assessed based on their severity — significant changes may result in an addendum, while less critical updates may be handled through a formal change request.

2.0 REQUIREMENT

2.1 High-Level Requirement Overview

#	Item	Description
2.1.1	Enhancement Overview	Correct the insurer company name display from "Lonpac Insurance Berhad" to the shortened "Lonpac Insurance Bhd" across affected Secarang pages, and update the outdated Smart Driver Personal Accident (SDPA) Policy Wording document link on the Secarang Add-on page. In parallel, the eAuto insurance module was reviewed for the same insurer naming pattern across UCD, Back-Office, eSTM and Credit Portal screens to confirm consistency and surface any related findings. For eAuto, the insurer name is standardised to "Lonpac Insurance Bhd" in the Insurance Company filter and result table on UCD and BackOffice.
2.1.2	Key Value(s) Expected	Accurate and consistent insurer branding for Lonpac across all customer-facing touchpoints, satisfying Lonpac's urgent compliance request and reducing risk of customer confusion from mismatched or broken document links.
2.1.3	Additional Note(s)	Request originated from Lonpac (Chan Lee Chuen, Sr Manager - Digital Business) via email "Urgent - changes needed on seCarang platform (LIVE)", forwarded internally on 11-12 Aug 2026.

2.1.2 Out-of-Scope

#	Item	Reason
1	Product Disclosure Sheet link (Secarang Add-on page)	Not part of Lonpac's original request — only the Policy Wording link was requested to be updated. Left unchanged; still points to the old pds-sdpa.pdf naming pattern.
2	Secarang PDF Receipt (backend-generated)	Original request scope was the Secarang website only. Receipt is generated by a separate backend service and still shows "Lonpac Insurance Berhad".
3	CIBO Admin Portal & Serba Sentral API insurer name	Flagged as inconsistent in impact assessment but not part of this request. Both still show "Lonpac Insurance Berhad".
4	Company registration number format (307414-T)	Pre-Companies Act 2016 format. Any update would apply to all insurers, not only Lonpac — separate compliance matter, not requested here.
5	Other insurers' naming (Tokio Marine, RHB, Chubb, Takaful)	Unchanged — not requested. Naming inconsistencies for other insurers exist but are out of scope.

2.2 Key Highlights and Baseline Requirements

The following key highlights and requirements were established during the initial sync-up sessions with the requestor. As this forms the baseline, any changes requested thereafter may result in adjustments to scope, timeline, or deliverables, for which the requestor will be responsible to review and confirm.

2.2.1 Background

#	Affected Item	Description
1	Project	Secarang & eAuto
2	Portal	1. Secarang 2. eAuto a. UCD Portal b. BackOffice Portal c. Service Portal
3	Module	Insurance
4	Request	Correct insurer name display to "Lonpac Insurance Bhd" and update the SDPA Policy Wording link, as requested by Lonpac; review eAuto insurance module for the same naming consistency.
5	Additional Note	Flagged urgent by Lonpac as this is LIVE on production.

2.2.2 Existing Issue & Expected Behaviour

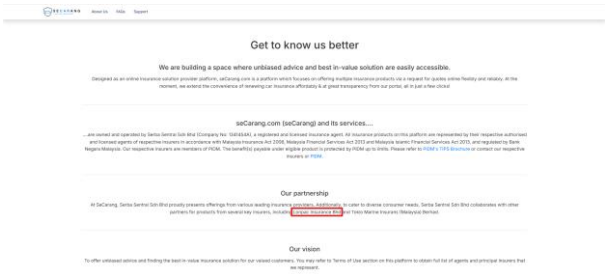

#	Item	Description
1	Existing Issue / Behaviour	Insurer company name displayed inconsistently as "Lonpac Insurance Berhad" across multiple Secarang pages (About Us, FAQ, Support, Confirmation); outdated SDPA Policy Wording document link on the Secarang Add-on page. Separately, eAuto's insurance module uses four different spellings of the insurer name across its screens.
2	Expected New Handling / Behaviour	1. Secarang: insurer name updated to "Lonpac Insurance Bhd" across all affected pages; Policy Wording link updated to Lonpac's renamed file. 2. eAuto: Insurance Company filter and result table on UCD and BackOffice display "Lonpac Insurance Bhd". Other eAuto screens remain as described in Section 2.2.5.

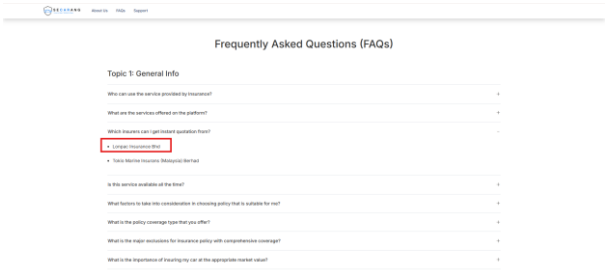

2.2.3 Affected Pages

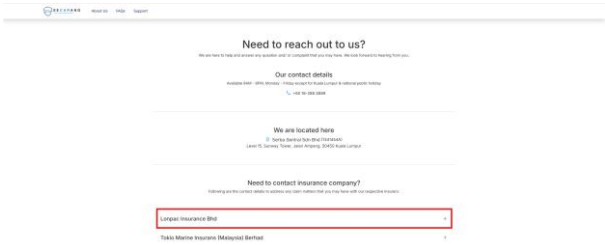

#	Affected Pages	Description
1	Secarang — About Us Page	Insurer name reference in the partnership section.
2	Secarang — FAQ Page	Insurer name reference under "Which insurers can I get instant quotation from?"
3	Secarang — Support Page	Insurer name reference under "Need to contact insurance company?"
4	Secarang — Add-on Page	SDPA Policy Wording document link.
5	Secarang — Confirmation Page	Insurer name in the Insurance Details section.
6	eAuto — UCD Insurance Quote & Optional Coverage	Insurer name display during quote comparison and coverage selection.
7	eAuto — UCD Policy Detail View	Insurer name in the "Insurance Company" field.
8	eAuto — Back-Office Policy Detail View	Insurer name, staff-facing copy of the policy detail screen.
9	eAuto — Back-Office Insurance Company Filter & Result Table	Insurer name in Insurance Company filter dropdown and result table (shared plan-code label).
10	eAuto — eSTM Transaction Detail View	Insurer name under Insurance Certificate Details.

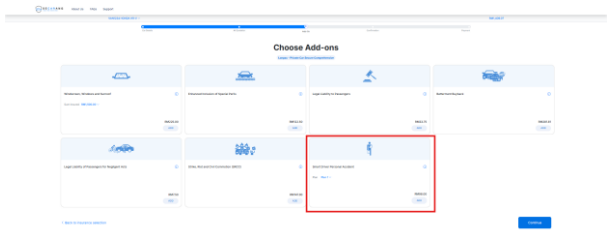

#	Affected Pages	Description
