1.0 DOCUMENT INFORMATION

1.1 Purpose

The System Requirements Document outlines the agreed system specifications. Once approved, it becomes the baseline to ensure the system meets business goals. Sign-off is required for development to start, and any changes must follow the System Enhancement Management process.

1.2 Intended Audience

The intended audience for this document includes project stakeholders and any team members involved in defining, implementing, or validating the system requirements.

1.3 Revision History

This section records all modifications to the document until it reaches Version 1.0, at which point it is finalized and established as the baseline for future reference. Once baselined, any new changes will be assessed based on their severity — significant changes may result in an addendum, while less critical updates may be handled through a formal change request.

Version No	Date	Revised By	Reason for Revision
0.1	23.07.2026 (Thurs)	Lim Yi Link	Initial Draft
0.2	30.07.2026 (Thurs)	Lim Yi Link	a. Added sample scenario in Section 2.2.5 b. Added expected behaviour in Section 2.2.6
1.0	30.07.2026 (Thurs)	Lim Yi Link	Send out for external review
1.1	04.08.2026 (Tues)	Lim Yi Link	Added Email Notification Specifications under Section 2.2.4 (2.2.4.1 Reminder Scenarios; 2.2.4.2 Email templates with sender/recipient, subject and content).
1.2	10.08.2026 (Mon)	Lim Yi Link	a. Added expiry reminder conditions (Email 2 & 3)

Version No	Date	Revised By	Reason for Revision
			b. Updated expiry date calculation for application extensions c. Updated sender for Email 1–5 d. Bolded expiry references in email content
1.3	10.08.2026 (Mon)	Lim Yi Link	Updated the New expiry date calculation logic in Section 2.2.5 (before-expiry and after-expiry scenarios).
1.4	26.08.2026 (Wed)	Lim Yi Link	a. Added reminder behaviours under Section 2.2.4 (reactivation reminder; scheduling, single-send and cycle reset). b. Added extension behaviours under Section 2.2.5 (status returns to Approved; Extend button hidden after the 3-month window; BackOffice user access; concurrent-click handling). c. Added reactivation behaviours under Section 2.2.6 (Reactivate button click flow; expected behaviour after reactivation incl. SSM data refresh; failed-payment reactivation). d. Added Application Listing expiry-date update on extension and reactivation.

Note: Changes made are highlighted in yellow.

1.4 Glossary of Terms

#	Abbreviation / Term	Interpretation / Description
1	Potential UCD	Prospective Used Car Dealer going through the onboarding journey.
2	Assignee	eAuto internal staff / BackOffice reviewer handling the application.
3	PA	Pre-Application

1.5 Associated Document(s)

#	Item	Location / URL	Rationale for Relevance
1	EAINT-11868 — [eAuto-Application] To Implement Email Reminders, Expiry Extension & Application Link Reactivation	https://mfservices.atlassian.net/browse/EAINT-11868	Main enhancement ticket
2	EAUTO-947 — ENHANCEMENT REQUEST FOR PRE-ONBOARDING AND ONBOARDING (REMINDER, EXTENSION & REACTIVATION)	https://mfservices.atlassian.net/browse/EAUTO-947	Source enhancement request

2.0 REQUIREMENT

2.1 High-Level Requirement Overview

#	Item	Description
2.1.1	Enhancement Overview	Implement three enhancements to the eAuto Application flow for potential UCDs: automated reminder emails, a one-time application expiry extension, and application link reactivation.
2.1.2	Key Value(s) Expected	Reduce onboarding drop-off by proactively reminding UCDs of pending actions, give assignees flexibility to extend an application once, and allow expired application links to be reactivated after payment.
2.1.3	Additional Note(s)	Ops team to provide 5 email templates in total: 6 reminder scenarios.

2.2 Key Highlights and Baseline Requirements

The following key highlights and requirements were established during the initial sync-up sessions with the requestor. As this forms the baseline, any changes requested thereafter may result in adjustments to scope, timeline, or deliverables, for which the requestor will be responsible to review and confirm.

2.2.1 Background

#	Affected Item	Description
1	Project	eAuto
2	Portal	Potential UCD
3	Module	UCD Application Form
4	Request	Implement automated reminder emails, a one-time application expiry extension, and application link reactivation for potential UCDs.
5	Additional Note	-

2.2.2 Existing Issue & Expected Behaviour

#	Item	Description
1	Existing Issue / Behaviour	There are currently no automated reminders sent to potential UCDs, no mechanism for an assignee to extend an application before it expires, and expired application links cannot be reactivated.
2	Expected New Handling / Behaviour	The system sends automated reminder emails at defined triggers, allows the assignee to extend an application once, and allows expired application links to be reactivated via email after payment (valid for 90 days from payment date).

2.2.3 Affected Pages

#	Affected Pages	Description
1	Application (Assignee / BackOffice view)	Extend button and entry of extension remarks.
2	Application – Right Sidebar	Display of extension remarks.
3	Email Templates	6 email templates to be provided / updated: a. Application approval reminder b. Application expiry reminder (2 months) c. Application expiry reminder (1 month) d. Payment reminder e. Hardcopy submission reminder f. Reactivation email *Note: A button will be added in the existing expiration email template for application reactivation.*
4	Reactivation Confirmation Page	Redirect to a new tab for the UCD to confirm application link reactivation.

2.2.4 Automated Reminder Emails

2.2.4.1 Reminder Scenarios

#	Item	Description	Acceptance Criteria
1	Application approval reminder	System sends a reminder email to the potential UCD 3 days after the Assignee approves the application, prompting them to complete the application.	Reminder email is sent automatically 3 days after application approval when the application is still incomplete.
2	Application expiry reminder (2 months)	System sends a reminder email 2 months before the application expiration date to complete the application.	Reminder email is sent automatically 2 months before the application expiry date.
3	Application expiry reminder (1 month)	System sends a reminder email 1 month before the application expiration date to complete the application.	Reminder email is sent automatically 1 month before the application expiry date.
4	Payment reminder	System sends a payment reminder email 1 day after the Softcopy Docs status = "Checked" if the UCD has not made payment.	Payment reminder email is sent automatically 1 day after Softcopy Docs = "Checked" when no payment has been received.
5	Hardcopy submission reminder	System sends a reminder email 3 days after the UCD has made payment, prompting them to submit the required hardcopy documents.	Hardcopy reminder email is sent automatically 3 days after payment is completed.

#	Item	Description	Acceptance Criteria
6	Email templates (Ops)	5 email templates (one per scenario above) to be provided by the Ops team.	All 5 reminder email templates provided by Ops are configured and used for the correct scenario.
7	Reminder on reactivation	A reminder email is sent when the form is reactivated.	Reminder email is sent automatically upon reactivation.
8	Reminder scheduling & frequency	The 2-month and 1-month reminders are triggered only on the exact scheduled date. Each reminder is sent only once. The reminder cycle resets whenever the application is extended or reactivated.	Each reminder fires once on its scheduled date; the cycle restarts after extension or reactivation.

2.2.4.2 Email Notification Specifications

The following specifies the sender and recipient, email subject, and email content for each reminder email. The reactivation email (Email 6) is triggered under Section 2.2.6. Email content is to be provided by the Ops team based on the samples below.

Onboarding Details - Field Definitions

#	Field	Definition
1	[Application No]	System-generated application number. (E.g.: NA50000802)
2	[Company Name]	Registered company name of the Potential UCD.
3	[Expiration Date]	Refers to the expiry date of the onboarding form, which is valid for 90 days from the created date of the onboarding form. Date format: DD MMMM YYYY E.g.: 10 September 2025 Note: Display the full name of the month for the expiration date.
4	[Application Link]	Unique link for the Potential UCD to access and complete the application.
5	[Payment Link]	Link for the Potential UCD to complete the required payment.
6	[Reactivate Application button]	Button embedded in the expiry email that opens the Reactivation Confirmation page in a new tab.

Email 1 - Application Completion Reminder (After Approval)

#	Element	Description
1	Sender	imonitor@eauto.my
2	Recipient	To: Potential UCD's registered email address (retrieved from the Application details). CC: apply@eauto.my
3	Email Subject	[Application No] [Company Name]: Reminder - Submit Required Documents in Application E.g.: NA50000802 ABC Motors Sdn Bhd: Reminder - Submit Required Documents in Application
4	Email Content	Dear [Company Name], This is a friendly reminder to complete and submit the required documents for your eAuto application. Please ensure that all required information and supporting documents are completed and submitted as soon as possible to avoid any delay in the application review process. Please upload all supporting documents through the Application Link below: [Application Link] Your application link will **expire** on **[Expiration Date]** at 12:00 PM. Should you require any assistance, please contact our team. Thank you for your prompt attention and cooperation. Best regards, eAuto Sdn Bhd Level 15, Sunway Tower Jalan Ampang, 50450 Kuala Lumpur Customer Service: 03-27798899 WhatsApp: 012-2001324 [eAuto Logo]

Email 2 - Application Expiry Reminder (2 Months Before Expiry)

#	Element	Description
1	Sender	imonitor@eauto.my
2	Recipient	To: Potential UCD's registered email address (retrieved from the Application details). CC: apply@eauto.my
3	Email Subject	[Application No] - [Company Name]: Reminder - Two Months Remaining to Submit Required Documents in Application E.g.: NA50000802 - ABC Motors Sdn Bhd: Reminder - Two Months Remaining to Submit Required Documents in Application
4	Email Content	Dear [Company Name], Please be informed that you have approximately two (2) months remaining to complete and submit all required documents for your eAuto application. Please upload all supporting documents through the Application Link below: [Application Link] Kindly ensure that all application details and supporting documents are submitted before the application link **expires** on **[Expiration Date]** at 12:00 PM. Incomplete applications may delay the review and approval process, so we encourage you to complete your submission early. Should you require any assistance, please contact our team. Thank you for your cooperation. Best regards, eAuto Sdn Bhd Level 15, Sunway Tower

		Jalan Ampang, 50450 Kuala Lumpur Customer Service: 03-27798899 WhatsApp: 012-2001324 [eAuto Logo]
5	Sending Condition	This reminder email shall NOT be sent when the "Hardcopy & Acc Created" status is NOT "Registered" and "Pending Assignee".

Email 3 - Application Expiry Reminder (1 Month Before Expiry)

#	Element	Description
1	Sender	imonitor@eauto.my
2	Recipient	To: Potential UCD's registered email address (retrieved from the Application details). CC: apply@eauto.my
3	Email Subject	[Application No] - [Company Name]: Final Reminder - One Month Remaining to Complete Your Application E.g.: NA50000802 - ABC Motors Sdn Bhd: Final Reminder - One Month Remaining to Complete Your Application
4	Email Content	Dear [Company Name], Please be informed that one (1) month remains to complete and submit all required documents for your eAuto application. Please upload all supporting documents through the Application Link below: [Application Link] Kindly ensure that all application details and supporting documents are submitted before the application link **expires** on **[Expiration Date]** at 12:00 PM. Failure to complete your submission before the expiry date may cause the application link to become inactive and could delay the application process. We strongly encourage you to complete your submission as soon as possible. Should you require any assistance, please contact our team. Thank you for your prompt attention and cooperation. Best regards, eAuto Sdn Bhd

		Level 15, Sunway Tower Jalan Ampang, 50450 Kuala Lumpur Customer Service: 03-27798899 WhatsApp: 012-2001324 [eAuto Logo]
5	Sending Condition	This reminder email shall NOT be sent when the "Hardcopy & Acc Created" status is NOT "Registered" and "Pending Assignee".

Email 4 - Payment Reminder

#	Element	Description
1	Sender	imonitor@eauto.my
2	Recipient	To: Potential UCD's registered email address (retrieved from the Application details). CC: apply@eauto.my
3	Email Subject	[Application No] - [Company Name]: Reminder - Complete Payment for Your eAuto Application E.g.: NA50000802 - ABC Motors Sdn Bhd: Reminder - Complete Payment for Your eAuto Application
4	Email Content	Dear [Company Name], Thank you for submitting the required documents for your eAuto application. We noticed that payment has not yet been received. Kindly proceed with the payment to continue processing your application and avoid any unnecessary delay: [Payment Link] Please note that the Application Link will **expire** on **[Expiration Date]** at 12:00 PM, after which the link will no longer be accessible and your application may be deemed withdrawn. Should you require any assistance with the payment process, please contact our team. Thank you for your cooperation. Best regards, eAuto Sdn Bhd Level 15, Sunway Tower Jalan Ampang, 50450 Kuala Lumpur Customer Service: 03-27798899 WhatsApp: 012-2001324 [eAuto Logo]

Email 5 - Hardcopy Submission Reminder

#	Element	Description
1	Sender	imonitor@eauto.my
2	Recipient	To: Potential UCD's registered email address (retrieved from the Application details). CC: apply@eauto.my
3	Email Subject	[Application No] - [Company Name]: Follow-Up Reminder - Submission of Original Hardcopy Document E.g.: NA50000802 - ABC Motors Sdn Bhd: Follow-Up Reminder - Submission of Original Hardcopy Document
4	Email Content	Dear [Company Name], We refer to our previous email regarding the submission of the original hardcopy documents for your eAuto application. Our records indicate that we have not yet received your original hardcopy documents. To avoid any delay in processing your application, please courier or deliver the completed original documents to the following address as soon as possible: eAuto Sdn. Bhd. Level 15, Sunway Tower Jalan Ampang 50450 Kuala Lumpur Please ensure that all required documents are duly signed and, where applicable, stamped with your company's official stamp.

		Once the documents have been sent, kindly provide us with the courier tracking number for our reference. Thank you for your prompt attention and cooperation. Best regards, eAuto Sdn Bhd Level 15, Sunway Tower Jalan Ampang, 50450 Kuala Lumpur Customer Service: 03-27798899 WhatsApp: 012-2001324 [eAuto Logo]

2.2.5 Application Expiry Extension

#	Item	Description	Acceptance Criteria
1	Extend button availability	The Extend button is available only when BOTH conditions are met: a. The UCD can submit registration documents (Softcopy & Hardcopy) after Application Status = Approved; AND b. The "Hardcopy & Acc Created" status is **NOT "Registered".** *Note: The Extend button is displayed regardless of the current status of Softcopy Docs and Hardcopy & Acc Created (except when Hardcopy & Acc Created = Registered).*	Extend button is visible/enabled only when both conditions are met and the application has not been extended before.
2	Extend button unavailable	The Extend button is not available when the Hardcopy status = "Registered".	Extend button is hidden/disabled when Hardcopy status is "Registered".
3	One-time extension	Each application is eligible for **one (1) 30-day extension** only. Special Scenario: a. If the application expires after the 30-day extension, the Assignee must pay the **RM108 reactivation fee** to reactivate the application. b. Once reactivated, the application is **not eligible for any further extension**.	System prevents a second extension; the Extend button becomes unavailable after one extension.

#	Item	Description	Acceptance Criteria
		c. If the application expires again, it cannot be extended and another reactivation is required. **Loop scenario:** Application Expired → Extended → Expired → Reactivated → Expired Again → Reactivated (No Extension Allowed)	
4	No auto email	No automated email is triggered by the extension action.	No email is sent when an extension is performed.
5	Extension remarks	a. The assignee can enter remarks for each extension. b. The Remarks field follows the existing behaviour of the Remarks field in the Application. c. Remarks are displayed on the right sidebar.	Assignee can enter remarks during extension; remarks are saved and displayed in the right sidebar.

#	Item	Description	Acceptance Criteria
6	New expiry date calculation	Example expiry date: 1 August 2026 **1. Before expiry date — 30 days before expiry (2 Jul 2026 – 1 Aug 2026)** • BO user can view and click the [Extend] button. • Expected behaviour: New expiry date counts from the **original expiry date.** **Original expiry date + 30 days = New expiry date.** • Example: If BO extends on 20 Jul 2026, the new expiry still counts from 1 Aug 2026. **2. After expiry date — up to 3 months after expiry (1 Aug 2026 – 1 Nov 2026)** • BO user can view and click the [Extend] button. • Expected behaviour: New expiry date starts counting from the date the [Extend] button is clicked. • Example: If BO **extends on 15 Sep 2026,** the new expiry **counts from 15 Sep 2026** → New expiry date = **15 Oct 2026**	New expiry date is calculated based on when the [Extend] button is clicked: it counts from the original expiry date when clicked before expiry (within 30 days before), and from the Extend-click date when clicked after expiry (up to 3 months after).
7	Status after extension	The application status returns to Approved when the application is extended.	Application status = Approved after extension.
8	Extend button availability window	The Extend button is no longer displayed once the 3-month extension window (after the expiry date) has passed.	Extend button is hidden after the 3-month window.

#	Item	Description	Acceptance Criteria
9	BackOffice user access	All BO users are allowed to view and click the [Extend] button, except the following: a. eautohamal b. eautojenilyn c. eautojrjaya d. eautonashwa e. eautoshamini f. eautovegas g. eautoxiayuan h. kokping i. tempstaff j. wahidahzaki k. mfnabila l. mfnadhirah m. mfzuhaira n. eautochinwei o. mfaliah p. mfmaisarah q. mfnicholas r. mfteckyung	Only the listed BO users are blocked from Extend; all other BO users can view and click it.
10	Application Listing update	When the application is extended, the Application Expiry Date is updated in the Application Listing.	Application Listing shows the updated expiry date after extension.

#	Item	Description	Acceptance Criteria
11	Concurrent extension	a. If two users (or two tabs) click Extend on the same application at the same time, only the first user's click will succeed. b. The other click fails with the message: "Action could not be completed because some details have changed. Please refresh and try again." c. The application is extended once, not twice.	Only the first concurrent Extend click succeeds; the application is extended once.

2.2.6 Application Link Reactivation

#	Item	Description	Acceptance Criteria
1	Reactivate button in email	a. Add a button in the existing email template to reactivate the application. b. On the 1st click, the UCD pays the Pre-Application (AP) fee. c. On the 2nd click, the UCD is redirected to the (reactivated) application form.	Reactivate button appears in the email; clicking it opens a new tab displaying the reactivation confirmation page.
2	Reactivation confirmation page	The UCD confirms reactivation on the confirmation page.	Confirmation page loads in a new tab and allows the UCD to proceed with reactivation.
3	Reactivation validity (90 days)	Once the UCD has successfully paid the **Pre-Application Fee (RM108)**, the system shall: a. Reactivate the application link for **90 days**, calculated from the payment date. b. Create a new **Pre-Application (PA)** record for each reactivation. c. Allow the UCD to continue the onboarding process using the **same application link**. d. Ensure the **latest Pre-Application (PA) record** and the associated **Application** reflect **the latest SSM document** information for SSM Registered Company.	a. After successful payment of the Pre-Application Fee (RM108), the application link shall be reactivated and remain valid for 90 days, calculated from the payment date. b. A new Pre-Application (PA) record/transaction shall be created for each successful reactivation. c. The latest Pre-Application (PA) record and the associated Application Form (A Form) for SSM Registered Company shall display the latest SSM document information.

#	Item	Description	Acceptance Criteria
4	Technical limitation (backend)	a. An Application can only be associated with the latest Pre-Application (PA) record. b. Previous PA records (e.g. PA v1) will no longer contain the application link after a reactivation. c. After reactivation, the Application is linked only to the latest PA record (e.g. PA v2)	Only the latest Pre-Application (PA) record shall retain the application link. Previous PA records shall no longer contain the application link.
5	No maximum reactivation limit	There is no maximum limit on the number of reactivations.	The UCD can reactivate the application any number of times.
6	Reactivation after re-expiry (extended application)	Special scenario: a. If an application that was previously extended expires again, the potential UCD is required to pay RM108 to reactivate the link again. b. Upon successful payment, the application is reactivated for 90 days from the payment date.	When an extended application expires again, the UCD must pay RM108 before the link is reactivated; the application is then valid for 90 days from the payment date.
7	Email template	Edit and add reactivate button to existing expired email template. Updated Email Template: Dear Sir / Madam,	Reactivation email template with a working reactivate button.

#	Item	Description	Acceptance Criteria
		We regret to inform you that your application has expired due to no action being taken within the stipulated validity period of 90 days, which **expired** on **[Expiration Date]** at 12:00 PM. If you still wish to proceed with the application process, you may reactivate your application by clicking the button below. Once reactivated, you may continue your application through the eAuto portal. **[Reactivate Application button]** For further assistance or inquiries, please contact us at apply@eauto.my. Best regards, eAuto Sdn Bhd Level 15 Sunway Tower Jalan Ampang, 50450 Kuala Lumpur Customer Service: 03-27798899 WhatsApp: 012-2001324 **[eAuto Logo]**	

8	Expected behaviour after reactivation	a. The application status returns to Approved. b. The Application Expiry Date is updated in the Application Listing. c. SSM data refresh — triggered only before Step 4: i. At Step 2, director IC files are matched to each director's name. ii. If a director is removed, their existing IC file is removed along with them. iii. A newly added director has no ID file by default. iv. The director count is overwritten based on the latest SSM data. v. For the e-Invoice PIC, the "Same as Director/Business Owner in Charge" selection is not stored. vi. It is cleared through name matching only when the e-Invoice contact name matches the previous Director-in-Charge and that director has changed. vii. Editability of the SSM-changed fields depends on the application status: **a. Reverted form during reactivation:** the SSM-changed fields (Director, e-Invoice, etc.) are added to the reverted-fields set so the UCD can edit them. **b. Submitted-for-Approval form:** the UCD still cannot edit these	After reactivation: status = Approved, the Application Listing expiry date is updated, and SSM-changed fields follow the refresh and editability rules.

#	Item	Description	Acceptance Criteria
		fields; BO handles any empty required fields. c. When BO clicks Submit for Approval, an error popup titled "Unable to proceed" appears with the message "Submission failed. Please try again." d. After BO clicks OK, the system shows "This field is required." on each blank required field.	
9	Failed-payment reactivation	a. A failed-payment reactivation PA record does not appear in the PA listing. b. The onboarding link remains available on the latest expired PA record.	Failed reactivation payment is excluded from the PA listing; the link stays on the latest expired PA record.
